"We are not interested in saving a hundred kids, we want to talk about how you save kids by the tens of thousands, because that's how we're losing them." Geoffrey Canada

November 9, 2023

Dear I.S. 59 Parents and Guardians:

The next NYU College of Dentistry's *"Smiling Faces, Going Places"* Mobile Dental Care Team visit will be on Friday, November 17th.

I.S. 59 is the only middle school in Queens to receive this special service! The Dental Care Team will return to the school once a month through May of 2024.

The dentist along with senior dental students will provide "no-out-of-pocket cost" exams (including x-rays and cleanings) during the school day on the state-of-the-art mobile dental bus for the students of I.S. 59.

If additional work such as fillings, etc. are needed a note will be sent home after the first visit. *(The dental team can also provide fillings during another visit.)*

If you would like to take advantage of this convenient, during the school day service, please complete the entire application, which can be downloaded from the school's website: <https://www.d29is59queens.com/>, or picked up from the Main Office. *(For those families with no dental insurance coverage, the cost will be waived.)*

For additional information, please contact Mrs. Leverett at SLeverett@schools.nyc.gov.

Please return the fully completed application to the Main Office by no later than Monday, November 13th.

Sincerely,

Mrs. Leverett
